

WOMEN

We aim to build a network of women* at an early stage of their career in Physics at the University of Bonn through monthly meetings. Our participants are mainly Master`s students, PhDs and postdocs, but we also warmly welcome any women* doing a Bachelor`s and interested in connecting with more experienced women* researchers.

Events in Summer Semester 2024

- 10. 04. 24** **Gong Show**
We invite our participants and every woman* who is interested to present their research in a 3 minute talk.
- 8.05.24** **Talks on Philosophy of Physics**
We have invited two speakers from the philosophy of physics research group in Bonn to present and discuss their research.
- 13.06.24** **Cake and Coffee with Women* in Physics**
An informal meeting to connect with other women* in physics and discuss over cake and coffee.
- 04.07.24** **Talk on power dynamics in Academia**
A researcher involved in the Network against power abuse in academia will talk about the work this network is doing.
- 29.08.24** **Potluck**
An informal meeting to connect with other women* in physics and discuss over good food brought by the participants.
- 17.09.24** **Career Paths in Industry: Working at BaFin (with FEMTea)**
Two women who went from working in research to working at the BaFin (finance regulation) are going to give a talk on their career path.

Every first Wednesday of the month we go to the Mensa together.
